SKETCH

11/16/55. Made personal inspection of these premises and found owner installing new rear stairs to basement and also installing a kitchen and bathroom in basement. Stairs on first floor is not locked up, and owner stated she intended to do all her work in the basement. Two guests, who are visitors are temporarily occupying space on 3rd floor — no same dimensions and better kitchen. The owner advised that they will leave in a couple of weeks. It is my opinion that this building will only be occupied by one family dwelling.

Memorandum for Mr. Bartels
From Mr. Brown

RE: Occupancy of residence at
515 Fair Oaks Avenue

Judge Barrett requested that I be present in the court room on March 2, 1956, to act as an observer in a trial involving an assault case occurring on March 17, 1956.

Two women were involved in this assault case, both testified that they were paying roomers in the building located at the above address. They testified that they occupied and paid for rooms from September, 1955 to March, 1956, and that other rooms were occupied on the second and third floors by displaced persons from Greece, and a brother of Mrs. Sharris had a room on the third floor. They also testified, under oath, that the owner had two male roomers on the second floor, occupying rooms temporarily.

The witnesses who appeared for Mrs. Sharris included her brother, mother, father and a roomer whom Mrs. Sharris declared, under oath, is a friend and pays no rent. She stated that as soon as he secures employment and is in a position to pay rent, he will be requested to leave.

Mrs. Sharris who is president of a Greek Rehabilitation Organization stated that she sometimes houses people on a temporary basis---never more than two people.

There was no substantial proof offered by the witnesses to substantiate any of the statements they had made under oath.

I was called as a witness to reveal whatever information I had in order to clear up the question of the occupancy of this building. I stated that a number of inspections had been made at various times, and the owner declared that the people who were living in this building were related to her.

I suggested to the Judge that he secure the names of the occupants of this residence at the present time so that they could be subpoenaed as witnesses by the court. The Judge was reluctant to do this.

Mrs. Sharris was fined \$25.00 and cost by the court for using vile, profane and abusive language to the roomers. There was also a charge of assault against Mrs. Sharris. One of the girl roomers was also fined \$25.00 and cost by the court.

Since the two girl roomers were evicted, there now remains only one roomer and three relatives. Also, the owner and his wife.

After reviewing the above mentioned facts, it is difficult to charge Mrs. Sharris with the operation of a rooming house at the present time. Have you any suggestions as to how we could get a conviction in court on this kind of evidence?

NOTICE OF HOUSING VIOLATION

FROM THE OFFICE OF THE HOUSING DIVISION, VILLAGE OF OAK PARK

Date July 10, 19 69Location of Property 515 Fair Oaks Avenue
(Street and Number)Owner(s) Linda Sharris

This is to advise you that a recent inspection of the premises at the above location revealed the following conditions: 1. Large underground swimming pool empty, open and uncovered in the rear yard. Pool partially filled with rainwater - potential mosquito hazard as well as the danger of someone falling in. 2. Plastered ceiling over front entrance to the building has partially fallen and is in very poor condition. 3. Edge of built-up front yard has crumbled chunks of concrete lying on sidewalk and service walk. Looks very poor and could create a tripping hazard. 4. One of the two garages on the property is half full of junk and storage. 5. The building could use paint. 6. One basement pane of glass at ground level is broken.

These conditions are in violation of the Housing Ordinance. Compliance with the Housing Ordinance will require:

1. Covering or enclosing the pool and pumping it dry.
2. Repainting the above mentioned ceiling.
3. Remove all concrete blocks lying in the sidewalk and service area.
4. Garages are to be used for the storage of motor vehicles only. All junk, debris and storage must be removed and disposed of in some other manner.
5. All building trim should be painted and the broken pane of glass replaced.

Be informed that if this property is not brought into compliance with the Housing Ordinance by August 5, 19 69, we will have no alternative other than to refer this case to our Legal Department.

Dear Mr. Ryan:

The Oak Park Health Department has reviewed the plans and specifications submitted by you for the refurbishing of a private in-ground swimming pool at 515 Fair Oaks.

Based upon the information contained in the plans, we find that the proposed refurbished pool in substantial compliance with the health requirements of the Oak Park Village Code except as it pertains to fencing in Section 7-5-5D. Section 7-5-8D of the Oak Park Village Code requires permanent pools to be completely enclosed by a fence located along the property line of the pool walk. This requirement is in addition to any fencing you may have around the perimeter of your property.

In our discussion with you, on July 15, 1985, it is our understanding that you wish to seek a variance of the above-referenced Section. Please submit this request in writing so we may complete our review and approval for renovation of your pool.

Very truly yours,

Robert L. Mathis, M.P.H.

Re: Swimming Pool

Dear Mr. Ryan:

Your letter of August 1, 1985 was received by the Oak Park Department of Public Health and consideration has been given to your request to be granted a waiver of Village Code requirements mandating security fencing around the periphery of your swimming pool.

In accordance with Article 5, of the Oak Park Village Code, your request for a variance is hereby granted subject to the following conditions:

1. Security fencing at least four feet (4') in height above the walk grade level, be installed around the perimeter of your rear yard.
2. Fence openings or points of entry into the rear yard be equipped with gates.
3. All gates be equipped with self-closing and self-latching devices placed on the top of the gate that are in-operable to small children.
4. Security lighting be installed in the pool area and/or rear yard.

Your application for renovation of the swimming pool has been approved. Final approval of construction is contingent upon the inclusion of the above provisions.

If you have any questions regarding this matter please do not hesitate to contact me at this office.

Sincerely yours,

Dear Sir:

Your area of the Village was recently surveyed as part of a block by block inspection program known as the Neighborhood Walk. This program has been identified as one of the most effective measures available to our Village government to protect property values, prevent blight and maintain the high quality of our fine residential neighborhoods.

After making an exterior inspection of your property I have noted in my records that its overall condition is good but that the following conditions were observed which deserve your attention before they reach violation status:

0 - The broken and/or uneven necessary sidewalks are in need of repair/replacement.

The high property values and standards of maintenance we enjoy in Oak Park are only possible through the continued concern and effort of each property owner. Your continued cooperation in maintaining your property to the high standards we hope for from all Oak Parkers will be greatly appreciated.

Very truly yours,
VILLAGE OF OAK PARK

C. FAMILY INFORMATION, CENSUSES,
DIRECTORIES AND ARTICLES

Furbeck Family

FURBECK, WARREN F.—Born in Schenectady county, New York, in 1848, and comes from Revolutionary stock. His great grandfather was a Hessian, and at the time of the Revolution, while pursuing his studies at college, was drafted and sold into the service of King George to fight the colonists. He was taken a prisoner soon after, however, joined the Americans, and espoused the cause of the colonists, and until the close of the war fought for the country of his adoption. The parents of the subject were John H. and Adeline Sophia Furbeck, both of whom were born in New York. He came to Chicago with his parents in 1861, finished his education in the public schools, and at the age of fifteen years started in life for himself. His first employment was in the First National Bank which, at the time, occupied a room about twenty feet square, and furnished work for five clerks. In 1866 he removed with his parents to Oak Park, where he now resides. He remained with the First National Bank until 1882, filling various responsible positions, and

at the time it was planning to enter its present quarters accepted the position of cashier in the banking house of Charles T. Yerkes. He subsequently became Mr. Yerkes' private secretary, following him from banking to railroad, and in 1889 was elected vice-president of the North Chicago Street Railroad Company, which office he now holds. He was married in 1873 to Miss Sophia E. Whipple, of Oak Park, a daughter of one of the earliest settlers of that suburb, and has five boys living. He is a member of the Oak Park Congregational church, having united with it at the age of seven years, and has lived at Oak Park nearly 27 years. His habits are domestic, and he cares very little for club or society life. Home is his realm, and he enjoys its sweet influences with the deepest zest.

The marriage of Miss Elizabeth Allen, daughter of Mr. and Mrs. Charles Herbert Allen of No. 3211 Prairie avenue, and Mr. Rollin Judson Furbeck, son of Mr. and Mrs. Warren F. Furbeck of Oak Park, was solemnized last evening at the residence of the bride's aunt, Mrs. Z. G. Wolf of No. 3426 Calumet avenue.

The ceremony took place at 8 o'clock, Rev. Mr. Hulbert of Oak Park officiating. The parlors were appropriately decorated in bright colors, the flowers used being roses and carnations, with a background of ferns and palms.

The maid of honor was Miss Edith Allen, the sister of the bride. There were two bridesmaids, the Misses Lydia Winship of New Orleans and Emeline Atlee of Fort Madison, Iowa.

The bride was attired in a robe of white satin and chiffon, and carried lilies of the valley.

The maid of honor was in white organdie over rose satin, with rose ribbons. She carried carnations.

The two bridesmaids wore white organdie over white taffeta, with rose ribbons, and their bouquets were of carnations.

The groom was attended by his brother, Mr. George Furbeck, as best man, while the ushers were Messrs. Louis Sharpe and Wilbur Kettlesrings of Oak Park.

Tomaso provided the wedding music.

After a trip to the East, Mr. and Mrs. Furbeck will be at No. 115 South Euclid avenue, Oak Park, on the first three Thursdays of November.

ELIZABETH FURBECK

Mrs. Elizabeth Allen Furbeck, wife of Rollin J. Furbeck, son of Warren F. Furbeck of Oak Park, passed away on February 2 at her home in New York. She was a most remarkable woman, brilliant in mind and great thoughtfulness for others.

She was the daughter of the late Charles and Carrie Allen of Rockford, Ill. She is survived by her husband and two daughters, Mrs. Edith Pallant of London, Eng., and Miss Phylis Furbeck of New York.

The funeral services were held on Saturday at the chapel in Forest Home. Dr Albert W. Palmer of First Congregational church, conducted the service.

Ute Smelting Company.

0557. (New York, N. Y.) Will you kindly ascertain if there is any value to the stock of the **Ute Smelting Company**, of Colorado City, Colo? Any information about this company will be greatly appreciated.

Ans.: The stock of the **Ute Smelting Co.** never had any value. Some four or five years ago L. P. Cary and one Hackstaff went to Colorado City, took an option on some land belonging to a glass company (the factory had recently burned down) and promoted what they called the **Ute Smelting Company**. They soon became involved locally and never did anything further with their enterprise. We think they did not take up the option—at least no buildings were ever erected, and if they did buy the land it was never paid for and went back to the former owners.

The **Ute Smelting Company** cannot be said to have existed except in the minds of these two parties.

Goes Up in Railroad Army

Edgar B. Thompson has been made superintendent of motive power and machinery of the Chicago, St. Paul, Minneapolis and Omaha railroad, and has taken charge. Mrs. Thompson still is in Oak Park, but will join Mr. Thompson in Minneapolis, where his headquarters will be, just as soon as arrangements can be made.

Mr. Thompson has been assistant superintendent of motive power and machinery on the Northwestern, and for three years has lived in Oak Park at the Quadrangle. His new position is a promotion, and he is in a field where rapid development of traffic is expected.

Building in Fair Oaks

E. B. Thompson has purchased a 50-foot lot on East avenue, west front, between Iowa and Augusta streets. C. H. Crighton has purchased the 50-foot lot next north of that purchased by Mr. Thompson and E. B. Kittle has purchased 100 feet front on Fair Oaks avenue, west front, between Iowa street and Augusta street. These sales were made by Mr. Duff, of Dunlop & Co. A fine residence will be erected by each purchaser.

Obituary in Winona Republican Herald, 26 May 1918 and 27 May 1918.

Funeral of Mrs. Thompson.
Funeral services for Mrs. E. B. Thompson were held this afternoon from the residence of W. T. Bradenough, 614 West Broadway. As Miss Gertrude Stoker before her marriage Mrs. Thompson was well known in Winona. The Rev. George S. Keller conducted the service this afternoon. The bereaved were Clark E. Bailey, S. L. Frazier, D. E. Morrison, A. C. Blake, Charles Coleman and H. M. Kinner.
Mrs. Thompson taught for some years in the Winona public schools as Miss Gertrude Stoker and afterwards was an art teacher in the Minneapolis public schools. Mr. Thompson, her husband, was for some years master machinist at the C. & N. W. Ry. shops in this city.

RAILROAD RUMBLINGS.
Mr. H. C. Barlow, late division freight agent of the Winona & St. Peter railroad, now with the Atchison, Topeka & Santa Fe railroad, was united in marriage Monday afternoon to Miss Mary Lorise Cone, niece of Mr. Royal D. Gone, of Winona at whose house the wedding took place. Rev. E. J. Purdy, of St. Paul's Episcopal church, and Rev. William McKinley, of the Central Methodist church, officiated. Only family friends were present. The bride and groom left on the afternoon train for a southern tour, after which they will take up their residence in Topeka.

Gov. Stoneman, of California, urges that railroad corporations be compelled to bear their share of taxation and submit to the regulation of fares and freight.

Hamilton Family

DEATH OF W. C. HAMILTON

Wealthy Lumberman of Fond du Lac Expires.

UNCONSCIOUS TO END.

Passes Away Quiet & Surrounded by His Sorrowing Children—End of a Useful Life.

Fond du Lac, Wis., Oct. 13. [Special.]—W. C. Hamilton, a wealthy lumberman well-known throughout the state, died here shortly after 11 o'clock this morning, never regaining consciousness from the time he was stricken in his physician's office. All of his children, with the exception of a son who is in Arizona, were at his bedside when death came.

Woodman C. Hamilton, ranked among the most progressive business men of Fond du Lac, was born in Lytle, Graffton county, N. H., February, 1834. He was educated at St. Johnsbury academy, and was graduated therefrom at the age of 18 years. In 1855, having reached his majority, he came to Wisconsin and settled in Fond du Lac. He was soon joined by his brother Irenus K., and together they built a sawmill which they operated successfully until 1867, when it was sold. In 1866 they began to acquire pine lands on the Menominee river, and in conjunction with A. C. Merryman formed the firm of Hamilton, Merryman & Co. The firm built a large mill at Marinette in 1867, which has been in prosperous operation ever since. The plant has been vested in a stock company known as the Hamilton-Merryman Co., of which W. C. Hamilton had been vice-president since its organization.

Mr. Hamilton was president of the Hamilton-Merryman Mining company, which owns valuable iron mines in northern Michigan. He was also interested in other valuable real estate in Wisconsin and in Chicago.

The cause of education has greatly occupied Mr. Hamilton's attention, and for many years he had been deeply interested in the purpose and spirit and in the good work of Ripon college. For several years he was vice-president of that corporation, and a member of the executive committee. In his usual quiet way, and with marked generosity, he had many times rendered special assistance to young men and women who had entered the struggle for an education.

On February 16, 1858, at Brooklyn, N. Y., Mr. Hamilton was married to Miss Mary Taylor Weed, a native of Darien, Conn., and to this union have been born five sons. In politics he was a Republican, and had held several local offices, such as alderman, president of the board of education and chairman of the board of public works.

He is survived by a widow and four sons, Edward of Chicago, O. W. of Milwaukee, H. W. of Glendale, Ari., Arthur, who is attending a Boston college and Will of this city. All arrived in the city and were at his bedside when the end came.

October 1899 obituary for Woodman Hamilton, father of Arthur Hamilton. His son Arthur is said to be attending a Boston college.

Stambaugh Family

The wedding of Miss Maude Howland, daughter of Maj. and Mrs. Howland of Green Bay, Wis., to Mr. Fred Stambaugh of Chicago will be celebrated at the Forty-first Street Presbyterian church today, the Rev. Cleland B. McAfee to officiate. It will be a small wedding, only the immediate relatives to be present. There will be no reception, Mr. and Mrs. Stambaugh leaving after the ceremony for a wedding journey. After Aug. 1 they will be at home at 571 East Thirty-fifth street. Among the entertainments given this week for Miss Howland was a book shower by Mrs. Arthur Lincoln Cettys, 539 East Forty-first street, which took place Thursday evening. Although Miss Howland's home is in Green Bay she has spent much of her time in Chicago and is well known on the south side.

VU Official's Father, F. A. Stambaugh, Dies

Washington — Fred A. Stambaugh, 83, father of John H. Stambaugh, vice-chancellor of Vanderbilt University, died here Thursday night of a heart ailment.

Death came at 10:40 p.m. (CST) at Providence Hospital where he had been a patient for about two weeks. His son and daughter-in-law came here from Nashville and were with him for several days before his death.

Private funeral services will be held at Joseph Gawler's Sons Funeral Home at 1756 Pennsylvania Ave., NW, Washington, tentatively at 11 a.m. (EST) Monday. Bur-

ial will be in Cedar Hill Cemetery, Washington.

Mr. Stambaugh formerly was a high official of Sears, Roebuck & Co., in Chicago. He joined the firm in 1900 and when he retired in 1938 he was supervisor of the group which handled sales of all farm supplies for the giant merchandising firm.

Born in Youngstown, Ohio, Mr. Stambaugh went to work immediately after finishing school and business "was his life," his son said today.

During World War II the former Sears, Roebuck official came out of retirement and for four years

ran his son's business, the Stambaugh Farm Equipment Co. of Valparaiso, Ind. His son, who was in the Army and in government work in wartime, told THE BANNER "Dad ran my business better than I could."

The elder Mr. Stambaugh had lived in Washington since 1963 when his son came here to fill the first of several positions for the Eisenhower Administration.

The retired businessman often visited Nashville, since his son became the vice-chancellor of Vanderbilt as well as special consultant for President Eisenhower.

Mr. Stambaugh was the son of the late Frank and Elizabeth Stambaugh of Youngstown, where he was born July 2, 1876.

In addition to his son, he is survived by his widow, the former Miss Maude Howland of Green Bay, Wis.; a daughter, Mrs. Walter Strom of Pompano Beach, Fla.; and a grandson, Stanley Stambaugh Smith, also of Pompano Beach.

For many years Mr. Stambaugh's chief hobby was collecting Indian arrowheads and other relics in the Chicago area. He and his close friend, the late J. C. Bohmker, head of the David Bradley Plow Works of Kankakee, Ill., would roam all around the countryside collecting the Indian relics. Mr. Stambaugh's son said that he likes to think "Dad and J.C. are together again."

Stambaugh Services Conducted

Services for Mrs. Maude Howland Stambaugh, 87, of Park Manor Apartments were held at 11 a.m. today at Finley Dorris & Charlton Funeral Home. Dr. William C. Finch, dean of Vanderbilt University Divinity School, officiated.

Burial will be Wednesday in Washington, D. C.

Mrs. Stambaugh died at 10 a.m. Saturday in Vanderbilt Hospital after being ill three days.

Born in Kenosha, Wis., and reared in Green Bay, Wis., she had lived in Nashville since July 1962. She was married 56 years to Frederick Alexander Stambaugh, supervisor with Sears-Roebuck Co. in Chicago. He died in 1959.

Mrs. Stambaugh was a member of the Protestant Episcopal Church.

Survivors are a daughter, Mrs. Mary Lou Strom of Ft. Lauderdale, Fla., a son, John Howland Stambaugh of Nashville, and a grandson, Stanley Stambaugh Smith of Ft. Lauderdale, Fla.

Mrs. Stambaugh's son is former vice chancellor of Vanderbilt University, now senior associate of George Fry and Associates world wide management consultant firm.

ELLIOTT—Florence Sheehan Elliott, beloved wife of William, mother of Pvt. William T., Ensign James R., Jean Davis, Mary Benjamin, Edward, Raymond, and Madyline, sister of Ruth Schuster. Funeral Monday at 10 a. m. from chapel, 3734 Archer avenue, to St. Agnes church. Interment Holy Sepulchre. Laf. 0067.

Dorothy Schmitt Is Married To James Elliott

MISS DOROTHY SCHMITT, daughter of Mr. and Mrs. J. P. Schmitt, 1005 Williamson st., was married to James Elliott, 812 W. Johnson st., son of Mr. and Mrs. William B. Elliott, Oak Park, Ill., on Saturday at 9 a. m., in Holy Redeemer church, the Rev. Fr. Joseph Gabriels officiating. Peach gladiolus, palms and candles decorated the altar for the nuptial mass.

With one arm linked in that of her father, who gave her in marriage, and the other carrying her shower bouquet of Johanna Hill roses, the bride approached the altar. Her white slipper satin gown was fashioned with a fitted bodice, sweetheart neckline trimmed in seed pearls, and a full skirt that swept into a train. Her fingertip length veil of illusion was held by a tiara of seed pearls.

Miss Jeanette Schmitt, sister of the bride, as maid of honor, and Miss Mary Elliott, sister of the bridegroom, as bridesmaid, wore identically styled gowns of ice blue and pale pink, respectively. The bodices of satin were designed with three-quarter length sleeves and the full skirts were of chiffon. Their veils and tiaras matched their gowns and they carried colonial bouquets of gladiolus blossoms.

Edward Elliott was his brother's best man; Robert Schmitt, brother of the bride, was groomsman, and the ushers were Ray Elliott, a brother of the bridegroom, and Ray Worringer, cousin of the bride.

Both mothers were present in black dresses and their flowers were gardenias. A dinner for 15 guests was served at the Hofbrau after the ceremony.

The couple will be at home in Oak Park, Ill.

Elliott-Benjamin

Miss Mary Grace Elliott, daughter of Mr. and Mrs. William B. Elliott, of 515 Fair Oaks, was married at 5 o'clock Friday afternoon, March 5, in St Giles rectory to George Benjamin, of Navy Pier, son of Mrs. F. E. Benjamin of Chicago.

The bride wore a powder blue suit with red roses and was given away by her father. Miss Madlyn Elliott, as maid of honor, wore a light green suit with pink roses. Arthur E. Benjamin was best man.

A reception was given for sixty-five guests at the home of the bride's parents.

The bride attended Wauwatosa high school, Wauwatosa, Wis., and the groom attended Morgan Park high school, Chicago.

Miss Dovell Wed in Garden Service

In an impressive ceremony performed overlooking the sunken garden of her parent's California home Miss Jean Merle Dovell, daughter of Mr. and Mrs. Harry L. Dovell of LaCanada, formerly of Oak Park, became the bride of

John Raymond Elliott, son of Mr. and Mrs. W. B. Elliott of Chicago.

The vows were read June 26, at 4 p.m. by the Rev. Charles Clare Blauvelt before a lattice archway placed in front of giant spreading junipers. It was entwined with fern and white roses and tied with satin bows. On either side of the archway stood tall baskets of white gladioli, asters, and larkspur. Forming the aisle from the doorway of the house to the improvised altar were white aisle posts tied with white satin ribbon.

Preceding the bride was her only attendant, Miss Sue Randall of Evanston. Miss Randall wore an apple green taffeta gown of Colonial style, made with a drop-shoulder effect and a sheer net yoke. The skirt had a bustle back and was hooped. A large open

crown garden hat of horsehair, in the color of her gown, and long matching mitts were also worn by the maid of honor. She carried a bouquet of yellow roses tied with green satin streamers.

Janet Davis, niece of the bridegroom and daughter of Mr. and Mrs. Cecil Davis of Chicago, wore a pink floor-length frock of net with puff sleeves and rows of ruffles of the same material on the skirt. Caught in the ruffles were small pink and blue blossoms, matching the floral wreath worn in her hair. As she came down the aisle she scattered pink rose petals from a white arm basket.

Attending Mr. Elliott as best man was Robert Knaus. Ushers were John Titley of North Hollywood and Allen Sandstrom of Pasadena.

Escorted by her father, the bride wore a Colonial wedding gown of white marquisette. The net yoke was made with a round neckline and joined the bodice in a draped off-shoulder effect. The bodice was fitted, and the hooped skirt, edged with narrow ruffles and made with a bustle back, fell into a short train. The puff sleeves were set off by long net mitts.

Framing her face was a quaint Colonial bonnet which held the finger-tip veil of illusion. The underside of the bonnet brim was finished with rows of tiny lace ruffles. Her only jewelry was a gold

necklace, a gift from the groom. Her shower bouquet was formed of delicate pink roses and white stephanotis with white satin streamers.

Mrs. Dovell was gowned in an apple green, crepe afternoon dress with a draped hipline; she wore a corsage of green orchids. Mrs. Davis, sister of the bridegroom, wore a printed crepe with navy blue background. Her flowers were gardenias.

Immediately following the ceremony a reception was given and the couple cut their tiered wedding cake.

After her graduation from Oak Park High school, the bride was a ballerina with the Ballet Theater of New York. Mr. Elliott also attended the village high school and served 18 months in the navy. He later attended Loyola university and Pasadena Engineering college in California.

Following a week's wedding trip to Lake Arrowhead, the couple will be at home at 4527 Alva road, La Canada.

Mr. and Mrs. Lester Oates and daughter, Bernardine, of Oak Park attended the wedding.

An Expert Tells ATOA of Problems With Tenants in Upgrading Bldg.

Nearly three years ago Alfred Bartosik was asked to take over as manager and janitor of a 12-apartment building at 4034-50 Adams by the owner, George Kotin, a Loop attorney.

The building had 48 two- and a half-room apartments, 20 with three and a half rooms, and six with four rooms. Most were vacant, and the aging building had suffered extensive damage from uncaring tenants and vandalism.

Kotin said he would furnish the vacant apartments in order to rent them more easily. He asked Bartosik to move into the building with his family. Two of the four-room apartments were converted to a single apartment to make room—the Bartosiks have seven children.

Although the Bartosiks own their own home at 224 N. La Trobe, they agreed that Bartosik should take the job. They wanted their home and moved into the apartment.

This week three apartments only were vacant, and were expected to be occupied again by the end of the week.

The problems of upgrading a building in imminent danger of becoming a slum was told Friday to members of the Austin Tenants and Owners association by Mrs. Lorraine Bartosik.

She described how fencing had been pulled down, even the concrete posts, by vandals. No grass grew in the lawn, and some tenants dropped bottles from windows to break in the yard below.

"No one cared," Mrs. Bartosik said, "neither the neighbors nor the residents of the building."

Most of the tenants are from the south, Mrs. Bartosik said.

whites just arriving from the southern mountains, Negroes who came to Chicago from the deep south as many as 12 years ago.

"We have just about a little of everything, which is the way it should be, I think," Mrs. Bartosik explained. "But almost all of these people are going from where ever they came from to some place else. Our place is a stepping stone. They rent only by the week or the month, until they can move on to something better."

Often new tenants arrive with no appreciable property of their own, she said, and remain only until they can afford furniture and a larger apartment.

For many of the new arrivals, the move to Chicago has been a drastic change from their former lives and customs. Mrs. Bartosik on occasion has provided advice on housekeeping, cleaning, personal health, and in rare instances, the proper use of interior plumbing.

The smallest apartments are rented only to couples, or occasionally to a couple with an infant. Where a family has two or more children, they must take larger apartments, depending on the number.

"Nearly all of these people want to improve themselves," Mrs. Bartosik said. "In some cases I have told them, 'You obviously aren't improving yourself here; move somewhere else and try to get ahead.'"

Some tenants have been evicted, Mrs. Bartosik described them as "apartments, bachelors, and hard to talk to." Often they tried to return, using different names.

In cases where tenants were asked to leave, there was some

loss in unpaid rent; but there has been little problem with people leaving voluntarily without paying, Mrs. Bartosik said.

It would be impossible to describe exactly how she and her husband have educated the tenants of the building to prevent it from deteriorating to a slum structure.

"Mostly it's just visiting; showing them how to improve their status. I give advice only to those who come to my door and ask for it. Their needs vary according to the individual—every case is different."

Often when someone calls about renting an apartment, Mrs. Bartosik is asked, "Do you rent to colored?"

"Colored what?" I ask. "We rent to people. Are you green or something? My husband's the blackest man you ever saw—he just came up from sucking the furnace."

Occasional Negro tenants have watched Bartosik very closely to decide for themselves just what she means by "black."

Integration of the building has resulted in few problems, none of them serious, for the Bartosiks. The problems are those of poverty, cultural change, and ignorance of and difficulty in understanding new customs, unrelated to race.

Often the white tenants, newly arrived in the city, can learn from the Negro tenants who have been in Chicago longer and have learned the new way of life.

The aim now is to get a more stable tenancy, Mrs. Bartosik said. Furnished apartments are being unfurnished whenever possible, for rent to families who have improved their lots to the point that they can afford their own.

"And we are waiting for spring, to see if we can get grass growing in the yard again," Mrs. Bartosik said.

SUGGEST NAMES FOR DIRECTORS
At a meeting Thursday, members of the committee which led to the formation of ATOA drew up a list of persons who may be asked to serve as directors of the ATOA.

The list is comprised of business and professional people, tenants and property owners, all of whom live in the area or who have interests in the well-being and improvement of Austin. Rabbi Solomon Fineberg will be asked to name a representative, as will veterans and other groups.

Included in the list drawn up so far are Carl Stockholm of Stockholm Cleaners; Edward Van de Ven, president, National Bank of Austin; Ald. Edwin McMahon (30th); Rev. Laurence Fitzpatrick, St. Thomas Aquinas church; Bruce Sagan, publisher; Judge P. Emmett Morrissey and Baggar Benson, contractor.

Also, William Gage of Mag-Rite; Capt. John Neumiller of the Austin police district; Most Rev. Raymond P. Hillinger, St. Mel's church; State Sen. Thomas McGloin; Judge Roger J. Kiley; Frank Larkos, of Becharies Coffee Co.; Joseph Sheehan, treasurer, Meyercoed Co.; Rev. Stewart Smith, Mardell Methodist church; John Walgren, Chicago commission on human relations; Chris Zouvas, West Side Real Estate board president.

Also, Alfonso Johnson, Alfonso Austin, Hugh Glover, Jose Rodriguez and Marcela Kane.

George N. Kotin

Services for George N. Kotin, 78, a veteran Chicago lawyer who built a new career as a civic leader after retiring to Florida, will be at 2 p.m. Friday in the chapel at 9200 Skokie Blvd., Skokie. Mr. Kotin, who died Wednesday in Florida, practiced law in Chicago for nearly 50 years before retiring in 1968. After moving to Miami Beach that year he became president of the South Florida B'Nai B'rith Council, chairman of the South Florida Council of the Anti-Defamation League, and a founder and president of the Presidents Club of Greater Miami Beach, an organization of social club presidents from condominium and rental apartment buildings. Survivors include his wife, Shirley; three sons, Merriell, Lawrence, and Gabriel Gary; a daughter, Lois; a brother; a sister; and five grandchildren.

ACO Events

West End Owner Invited to Meeting

The ACO housing committee will meet Tuesday at 8 p.m. at St. Thomas Aquinas church, 5112 Washington.

The committee will plan action concerning problems at the West End theater, 125 N. Cicero, the building at 4854-55 Quincy, and the building at 4854-56 Fulton. Also to be discussed is the National Mobile Pantry zoning case.

The owner of the West End theater, Miss Linda Sharris, 515 N. Fair Oaks, Oak Park, has been invited to attend the meeting. The building's manager, William Eitel, 1910 W. Addison, and Success Savings and Loan, 919 W. 55th, La Grange, holder of the notice, have also been invited.

ACO housing committee meetings are held on the sec-

ond Tuesday of each month. All Austin residents are invited to attend and bring housing or zoning complaints to the committee's attention.

2 CANDIDATES ON FORUM TONIGHT

An Austin Community organization forum for 37th ward aldermanic candidates will be held 8 p.m. today (Wednesday) in LaFollette Park field house, 1333 N. Laramie.

John Brett and R. E. Timme, two of the three candidates, have accepted ACO's invitation to outline their platforms at the forum, according to Bernard Lyons, chairman of ACO's steering committee.

Lyons said Thomas Casey, Democratic sponsored candidate, has informed the group

December 2002 obituary for Linda Vasilopoulos, indicating her marriages to Angelo Sharris and two men named Vasilopoulos

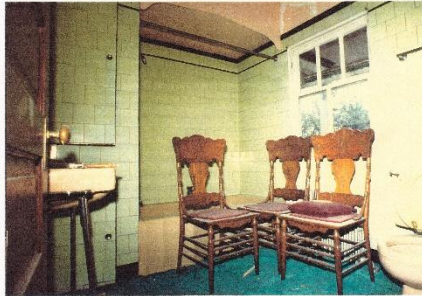

Photos provided by Susie Durapekt Nadel to the Abrahamsons in 2001 showing parties at the house in the mid-1950s.

Emilie Durapekt Marchand, sister of Susie Durapekt Marchand, in front of the house in 1955. The walls surrounding the small courtyard leading to the front porch had been removed at some point.

This photo shows the room after much re-painting. The door to the room is at left (with a small closet behind it, there are 2 closets in this room in the end is a large walk-in closet). The doorway with the ladder is the entrance to the bathroom.

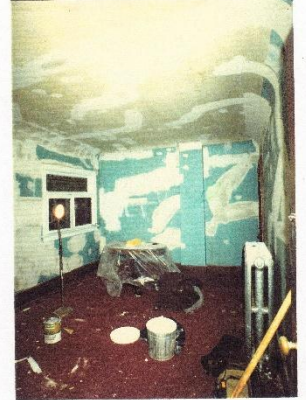

The bathroom, circa 1984! It was peach and green and falling apart. We had it redone (not terribly fancy, as this is not the master bath, but nicely) all in white.

I'm sorry that these are "construction" photos, but I believe they show your room.

At the top of the stairs, just down the right...

Standing near the doorway, looking into the room.

The windows are double-hung windows, with leaded, diamond panes above. The preservation of the leaded glass was a goal.

This is what the back of the house, your area "pool" looks like in the fall of 1984.

Unfortunately, you cannot see the pool in this photo. It's off to the right, and while it is not Olympic size, it is quite nice. You'll notice a design change to the rear of the house done with John Dorn's guidance in 1985/87. The "Full Orthopedic" (as we called them) provide no support, and as the third floor was leaning and sagging, I did not wish to leave the back bedroom (there are 2 bedrooms a full bath on the 3rd fl.). So we added structural and support from the ground up, including the addition of a little...

This photo was taken in October, 1984... just after my husband, Bill, purchased the house from John Dorn's. (Bill & I moved in 1988, when the house was more expensively).

Summer, 1994, just after the Rollin Furbeck house was part of the Wright Plus Housewife for the third time (1984, 1994, 1997). The brick had been cleaned of gold paint, and cedar shingle roof and copper gutters were installed; stucco areas (including under all of the overhanging eaves) were re-stuccoed. The exterior windows and all 5 decorative columns were re-cast, showing...

OPRF Day Nursery to host progressive dinner on June 16

A progressive dinner will be held from 6 to 9:30 p.m. June 16 through four homes in the estate section of Oak Park as a fund-raiser for the Oak Park-River Forest Day Nursery.

Registration will be held at 530 N. East Ave. in the home of James and Mary Ellen Betke. Visitors can tour this 1902 Victorian with restored woodwork, leaded and stained glass and Frank Lloyd Wright and Louis Sullivan influenced ornamentation.

Appetizers will be served at 605 Iowa, a red brick house that was on last year's Wright Plus house walk. The house, owned by Charles Tupta and Sam Gevisenhei, is a 1916 Georgian Revival designed by Thomas M. Filas and previously served as the Orthodox Bishop's residence.

The main course will be served at 535 Fair Oaks Ave., a Tudor/Craftsman home decorated in a Mission/Native

American style. Owners Kate and Guy Gangi have put in many deck areas and the new front lawn is coming up in time for the event.

Dessert will be served at 515 Fair Oaks Ave. in the home of Debbi and Tom Abrahamson. Debbi Abrahamson is a former Day Nursery board member. Their house is Frank Lloyd Wright's 1897 Rollin Furbeck House with an inviting deck and pool in back. This house, too, has been on a past Wright Plus tour.

A silent auction will be held at the dessert house. There is also a raffle with a grand prize of \$500. Raffle tickets are \$5 each or six for \$25.

Tickets for the Twilight Tour are \$70 each. Those wanting to attend must call the Oak Park-River Forest Day Nursery by June 8 at (708) 383-8211.

Urban Gateways to celebrate arts

Thomas Abrahamson appointed to Dominican University board

by Community Editor
July 8, 2013

Thomas D. Abrahamson

Courtesy Dominican University

Thomas D. Abrahamson, chairman of Lipman Hearne, has been appointed to the board of trustees of Dominican University. Abrahamson, who will serve a three-year term with the university board, has been with Lipman Hearne, one of the nation's leading marketing and communications firms serving the nonprofit sector, since 1994.

Lipman Hearne clients have included institutions of higher education such as Amherst College, Indiana University, Southern Illinois University, the University of Chicago, the University of Illinois at Urbana-Champaign, and the University of Michigan, as well as nonprofit organizations such as Lions Club International, the Archdiocese of New York, and the Robert Wood Johnson Foundation. Under his leadership, the full-service marketing firm received in 2012 two Gold Awards, eight Silver Awards and three Bronze Awards from the Higher Education Marketing Report's Education Advertising Awards.

"Tom's relationship with Dominican University is complex and long standing — colleague, neighbor, business partner, donor—which is exactly the density of involvement that we look for in a trustee," said Dominican University President Donna M. Carroll. "He knows the institution; he is already invested in our success; and, he brings to the board table an expertise in marketing that will enrich our deliberations. Tom wants to get more involved in the Oak Park/River Forest Community and we are delighted that he views Dominican trusteeship as his opportunity to make a contribution."

Prior to joining Lipman Hearne, Abrahamson served as associate vice president for enrollment management and dean of admissions at DePaul University.

A leading speaker and author in the field of marketing, Abrahamson also contributed to two books on enrollment management. He served as chairman of the American Marketing Association's Foundation Board and, in 2009, was named Nonprofit Marketing Volunteer of the Year by the AMA Foundation.

Abrahamson is past president of the board of directors of Big Brothers/Big Sisters of Metropolitan Chicago as well as Urban Gateways of Chicago.

Deb Abrahamson

Deb Abrahamson recently retired from the Oak Park Education Foundation (OPEF) after nearly 20 years with the organization, including 10 years as its first Executive Director. Under her leadership, OPEF grew tenfold in revenue, tripled the number of major programs and increased the number of students participating in free hands-on residencies by 160%.

In addition to serving on the Maywood Fine Arts board of directors, Deb is Vice-Chair of Women in Philanthropy, a giving group of the Oak Park-River Forest Community Foundation. She is also a career coach with the Posse Foundation, working with one of its Scholars, a college junior.

Deb earned a B.A. in Communication from the University of Pennsylvania and a Certificate of Nonprofit Management from the University of Chicago. Her hobbies include singing in a band, tennis, and travel. She and her husband Tom live in Oak Park, where they raised their two children.

The sun porch in the background of this photo was
BEFORE paneled, unheated, and carpeted.

Now the sun porch is a library/computer room. We raised the ceiling, replaced the windows and door, added heat and
AFTER wood floor, and a fan for cigar smoking.

HOUSE RENOVATION: MARCH THROUGH
SEPTEMBER, 1999

AFTER

DURING!

We gutted and renovated our kitchen/family room, expanding into an existing crummy porch and staying within the original roof line of the house. The project was documented in a 1/2 hour t.v. show for Home & Garden Television.

BEFORE Man, how I hated that kitchen! It was double ugly, it cladded with the rest of the house, had virtually no counter space, fluorescent lighting, and had no casual eating space. If you sat on the stool at left, your mouth would be level with the tiny counter.

AFTER Beautiful, functional, and seats 8 at the island table. I love to cook in here with the family in the room.

We felt like deer in the headlights, frozen and tongue-tied.

How many million viewers?

Photos from the visit by Susie Durapekt Nadel and her husband Warren when they visited the Abrahamsons in 2001, along with the Abrahamson's notes of things Susie told them about her time in the house in the mid-1950s.

1 GROUP COUNTER

- Ensure that all guests have a wristband or lanyard pass
- Count out groups of 8 people
- INCLUDE FAST PASS GUESTS IN THE FIRST AVAILABLE GROUP.**
- Do not break up groups or families traveling together
- Remind guests as needed:
 - No food or beverage is allowed in the house
 - Backpacks or large bags must be checked if they are larger than the allowed 12"x12" size. Guests may bring tagged bags (that fit within limits) into the house throughout the day
 - No photography is allowed beyond the designated sign
 - No children under 12 are permitted to tour the property
 - High heels must be carried when in the house
 - Silence phones as a courtesy to everyone
- When signaled by Station 4 (Exterior/Sidewalk), invite the group to move forward

NOTE FOR ALL SPEAKING STATIONS

- Use SUPPLEMENTAL INFORMATION if:
 - The next station is not yet available for guests, or
 - Your House Captain instructs you to use it regularly.
- If your House Captain asks you to drop content to improve the flow of the tour:
 - Be subtle and don't signal to guests the content change.
 - Begin by skipping any SUPPLEMENTAL bullets (if in use).
 - Eliminate bullets with a dash, as directed by your Captain.

2 BAG CHECK # 1

- Watch for backpacks, large bags, strollers, shopping bags, and umbrellas as guests prepare to enter the home
- Only small bags and purses that fit within the bag sizer (12" x 12") and are tagged will be allowed inside
 - In early shifts, tag bags that are smaller than the 12" x 12" limit. Guests may bring tagged bags into houses throughout the day
 - If guests challenge the need to check bags, tell them "We are trying to be consistent across all houses, and we promised the homeowner that we'd be extra careful about managing bags."
- Provide a numbered clothespin for each article to be checked
- If checked items are to be moved, let guests know where they can be picked up
- In the event of rain, let guests know how umbrellas will be handled
- Food and drinks must be stored in a bag in order to be checked

3 BAG CHECK # 2

- Coordinate with Bag Check #1
- Organize and monitor all checked bags
- As guests exit the house, collect the numbered clothespins, check them against clothespins on the checked bags and return the appropriate checked items

NEVER LEAVE BAGS UNATTENDED**4 EXTERIOR/SIDEWALK****FRANK LLOYD WRIGHT'S TRANSITIONAL PERIOD**

- Wright commissioned to design the house in spring 1897
- Wright had started independent practice just 4 years earlier
 - He would move away from details we see on the Furbeck House as he developed Prairie style, including:
 - Louis Sullivan influenced columns
 - Brick corbelling
 - Buttress-like corners
 - Dentil molding
 - Elements of Prairie style are incorporated in the design
 - Low pitched hip roof
 - Wide overhanging eaves
 - Brick extending up to the bottom of second floor windows, topped by string course of limestone
- There are many leaded glass light fixtures throughout the house
 - None original, commissioned by recent owners
 - Some are based on fixtures designed by Wright for other buildings
 - First fixture you will see is on the ceiling of the front porch as you enter the house

FURBECKS

- Rollin Furbeck had just married Elizabeth Allen
- The Furbecks moved into the house in the fall of 1897
 - Their daughter Edith was born soon after
 - They lived in the house for only 13 months
 - The Furbecks moved to New York where Rollin worked as a stock broker

SUPPLEMENTAL INFORMATION

- The large, single pane, picture window unusual for Wright
 - Believed to be one of the first used in any residence
- Note the 8-pointed star columns supporting the porch roof
- Wright also designed a house for Wright's brother George at about the same time
- Rollin's uncle, Judson Whaples, lived next door at 509 Fair Oaks
- Both sides of Rollin's family, the Furbecks and the Whaples, were very early settlers in Oak Park

LOGISTICS

- When signaled by Station 5 (Front Porch), wrap up your interpretation and invite the group to move forward
 - Remind guests to watch their step on steps to porch

5 FRONT PORCH**RESPONSIBILITIES AND LOGISTICS**

- When signaled by Station 6 (Living Room), open door and send next group in. Signal Station 4 (Architecture/Sidewalk) to send group forward
 - Remind guests to watch their step as they step across the threshold

6 LIVING ROOM**INTERIOR FEATURES**

- Similar to Wright's own home, this house has a circulating floor plan
 - Access to each room continues from the adjoining room
 - Large openings between primary spaces, no doors
- Large single-pane window provides light and view of street
 - Elevation above sidewalk level provides privacy
 - Similar large window in the rear of the Dining Room
 - Other windows double-hung, large lower pane for better view
 - Wright transitioned to casement windows in Prairie houses
- Focal point, fireplace surrounded by inglenook, typical for Wright
 - Uniquely, constructed of pre-cast concrete, travertine marble hearth

SUPPLEMENTAL INFORMATION

- Wood molding on ceiling frames the space
 - Inset from corners creates illusion of higher ceiling
- Much of the artwork in the house was painted by the current homeowner's mother, an accomplished artist

LOGISTICS

- When signaled by Station 7 (Stairmaster 1st Floor), send the group forward and signal Station 5 (Front Porch) to send next group
- Advise guests they will be seeing the 2nd and 3rd floors. If they don't want to climb stairs, move to hallway and join next group at Station 14 (Kitchen)
- Tell guests to look for spindle screen on left side of stairs, a feature used often by Wright, as they go up

7 STAIRMASTER, 1ST FLOOR**RESPONSIBILITIES AND LOGISTICS**

- This is a key logistics station. Your role is to manage traffic between the living room, groups going up the stairs, groups coming down the stairs
- Wait for signal by Station 8 (2nd Floor Landing), before sending next group up the stairs
- Advise guests to watch their step and use handrails
- When groups are descending stairs, direct them to their left and head to Station 14 (Kitchen). This group has right-of-way over a new group coming from the Living Room
- Do not let visitors wait on the stairs, hold them in the mezzanine as necessary until groups descending are off the stairs

**8 2ND FLOOR LANDING****RESPONSIBILITIES AND LOGISTICS**

- This is a key logistics station. Your role is to manage traffic between groups coming up the stairs, groups coming down from the third floor and descending the stairs to the kitchen
- As groups start to exit Station 9 (Guest Bedroom) signal Station 7 (Stairmaster 1st Floor) to send group up
- If necessary, hold groups coming down from 3rd floor in the 2nd floor hallway until the ascending group enters the Station 9 (Guest Bedroom) and then send group down the stairs
- Advise guests descending to watch their step and use handrails
- Make sure that no visitors are standing and waiting on the stairs

**9 GUEST BEDROOM****ROOM FEATURES**

- Only room on this floor unchanged from original design
- Original windows and fir wood flooring
- Coved ceilings
- Two closets
- Bathroom, now Jack & Jill, was originally private to this bedroom
- Office on the opposite side of the bathroom was originally the changing room and closet of the Primary Bedroom

SUPPLEMENTAL INFORMATION

- Door on back wall leads to small room
 - Originally an open space under cantilevered end of a third-floor room (photos on Research Boards)

LOGISTICS

- When signaled by Station 10 (Stairmaster 2nd floor) wrap up interpretation and send group through the bathroom into office

10 STAIRMASTER 2ND FLOOR**RESPONSIBILITIES AND LOGISTICS**

- This is a key logistics station. Your role is to manage traffic between groups coming from the office, groups leaving the Primary Bedroom, and groups going up and coming down from the third floor
- As group from 3rd floor is descending stairs, direct them toward Station 8 (2nd Floor Landing)
- Signal Station 11 (Primary Bedroom) to send group forward
- Once group from Primary Bedroom is ascending stairs, walk into office and signal Station 9 (Guest Bedroom) to send group forward
- If necessary, hold groups in Primary Bedroom or office. Groups descending stairs have priority
- Advise guests descending to watch their step and use handrails
- Make sure that no visitors are standing and waiting on the stairs

**11 PRIMARY BEDROOM****ROOM FEATURES**

- Suggest that guests glance into the bathroom door as you tell them about the room
- Note the view from the window through the columns that were seen from the front of the house
- This room was originally a large bathroom
- It opened to a small bedroom located where the bathroom is now
- It also opened to the original Primary Bedroom on the opposite side of the room
 - The original Primary Bedroom, along with a changing room and closet, ran along the entire south side of house
 - That space now contains a walk-in closet, as well as the office you just walked through

SUPPLEMENTAL INFORMATION

- Current homeowners reconfigured the Primary Bedroom space to how you see it today
- The columns outside the windows are decorative, not load bearing. The tops or capitals had deteriorated and in the 1990s, molds were made to create replacement replicas

LOGISTICS

- When signaled by Station 10 (Stairmaster 2nd Floor), wrap up interpretation and send group forward to go to 3rd floor
- Be sure that Station 10 knows when you are ready for another group to enter the bedroom

12 STAIRMASTER 3RD FLOOR**RESPONSIBILITIES AND LOGISTICS**

- Coordinate with Station 10 (Stairmaster 2nd Floor) to bring groups up to the third floor and to return those groups to the second floor
- As a group ascends the stairs, direct them down the hall to Station 13 (Office)
- When group exits Station 13 (Office) direct them into 3rd floor bedroom and have them wait until next group ascends the stairs into the office. Suggest that they take turns glancing out the back window.
- Once stairs are clear, send group from bedroom down the stairs
- Signal Station 13 (Office) to send group forward
- Do not allow groups to wait on the stairs

**13 OFFICE****ROOM FEATURES**

- The third floor was originally two bedrooms and a bathroom for servants
- Current homeowners converted this into an office
- Note the view of the columns through the front windows

SUPPLEMENTAL INFORMATION

- 13 different families have lived in the house since the Furbecks left
 - Many for just a few years
 - Several of the homeowners during early years did have live-in servants
 - The owner from the mid-1950s to mid-1980s was from Greece and housed recent Greek immigrants and also rented rooms
 - The current and previous owners have extensively restored and renovated the house

LOGISTICS

- When signaled by Station 12 (Stairmaster 3rd Floor) send group forward

14 KITCHEN**ROOM FEATURES**

- Direct guests to move into the room and circle around to the back of the island
- This space was originally three rooms
 - Divided where you now see plaster beams running along the ceiling above the island and where the wood column stands
 - A partial wall was adjacent to the door the group just entered, separating a smaller kitchen from the sitting area
 - The back wall of the house was where that wood column stands
 - An open porch extended across the back of the space
- The current homeowners completely remodeled this space
 - The room was expanded into the former back porch
 - The large island was installed with pendant lamps inspired by the "Butterfly Lamps" designed by Frank Lloyd Wright for the Dana-Thomas House in Springfield, IL

SUPPLEMENTAL INFORMATION

- The remodeled kitchen and the current homeowners were featured on an episode of the HGTV "New Spaces" show
- Backsplash tiles were made by ~~Motawi~~ Tiles in Ann Arbor, MI
- Cabinets are cherry wood and floors are maple

LOGISTICS

- When signaled by Station 15 (Dining Room) wrap up interpretation and send group forward
- If group from 3rd floor enters kitchen as you complete interpretation, hold them in sitting area until group in kitchen exits for Station 15 (Dining Room). Direct guests to move into the room and circle around to the back of the island

**15 DINING ROOM****ROOM FEATURES**

- In 1907, the room was enlarged by moving the rear wall back several feet.
 - The large single-pane window is similar to the one in the front of the house
- The art glass windows flanking the large pane on the back wall are the only art glass windows in the house.
 - The one on the right is original from the 1907 remodeling. The other is a replica
- The light fixture above the main table was custom made for the previous owners to match the design of these windows

SUPPLEMENTAL INFORMATION

- The current owners installed the wet bar with cabinet doors matching the art glass windows
- The dining room table was custom made for the current owners

LOGISTICS

- When signaled by Station 16 (Porch) send the group forward
- Signal to Station 14 (Kitchen) that you are ready for the next group

**16 PORCH****ROOM FEATURES**

- This space was originally a ~~porte~~ ~~cochere~~ ("port co-share"), or covered shelter over the driveway
- In the 1950s, the space was enclosed and the area beneath excavated for apartments in the basement
- The current homeowners completely remodeled, insulated and heated the space to create a four-season den
 - When you exit, notice the back of the house is informal as compared to the formal front of house

LOGISTICS

- Open the back door and direct the guests out to the deck
- Remind guests to watch their step
- Ask guests to sign the Guest Book on the deck and stop at the Research Boards
- Direct guests to follow the signs to exit around the north side of the house and pick up any checked bags
